

# EXHIBIT DESIGNER (m/f)

Full time

## ABOUT US

MesS.O.S is a rental and stand construction company in Berlin, Germany. Since 2001, we have been developing tailor-made production as well as design concepts in combination with top notch AV equipment for trade shows, congresses or conferences in whole Europe.

MesS.O.S has a team of international employees, an European network and an unique portfolio of complex projects. We focus our activities in the following field: medicine / health, tourism, packaging / plastics, food and consumer electronics. We offer the opportunity for creative growth and advancement in a young team and an informal work environment.

*Our goal is simple: We connect people and brands with the best suited expertise for their event needs.*

## YOUR JOB

As an Exhibit Designer, you work in close coordination with customers and the responsible project manager. Based on the client requirements you create high quality presentations including 3D realizations and technical drawings. You pre-select the materials and consult with the responsible project manager about alternative design solutions. In addition you are also responsible for the following tasks:

- Design unique brand experiences for trade-show exhibits, events and temporary installations
- Create high quality presentations, visualizations, renderings and precise technical drawings.
- Explore current exhibitions trends, knowledge of latest production methodology and develop a basic ken for audio-visual technology, to produce stylish and functional concept solutions.
- Strategically and professionally present complex ideas and designs to partners and clients during design meetings via face-to-face, phone, and email
- Versatility is the key - Through each project demonstrate a design sense that includes an unique characteristic for space, form and color.
- Consider design direction from the clients and the project management as well as technical regulations from the venues.
- As part of a larger team operate effectively under time constraints - your need to be able to meet deadlines.
- Excellent communication skills in written and verbal form.

## YOUR PROFILE

- Education: Bachelor's Degree in one of the following: architecture, interior design, industrial design, or exhibit design.
- Experience: Minimum of 3 years of design job experience in a creative studio or in a similar environment.
- Visualization: You have high standards and all necessary skills to work with SketchUp, AutoCAD, Adobe

## EXHIBIT DESIGNER (m/f)
